

what?

In addition to our regular specials and competitive prices, we offer 'Volume Level Pricing' for customers committed to purchasing \$480/week or \$25,000 each year.

why?

We know that customers spend a considerable amount of time and resources sourcing out products at the best available price. With the 'Volume Level Pricing', our volume customers can be more competitive, profitable and save valuable time and resources.

how?

Simply stop by our customer service desk or ask your cashier for an application. If you don't meet the volume minimum, don't worry—you can still save on our regular pricing and specials.
